AIM HIGH BOARD of TRUSTEES

Give back, transform lives, create opportunity.
OUR MISSION AND VISION

Aim High creates life-changing opportunities during the summer and beyond.

Our community:

- NURTURES the promise and potential of middle school students from low-income neighborhoods.
- PREPARES students for high school, setting them on the path to college and future success.
- INSPIRES the next generation of teachers and educational leaders.

Aim High is committed to closing the opportunity and achievement gaps in Northern California through our transformative summer learning program. We envision every middle school student having access to joyful summer learning, inspired and innovative teachers, and the support they need to succeed in school and life.

ABOUT AIM HIGH

Summer and middle school matter.
When students are engaged and supported during these transitional phases, they have the confidence and resilience to succeed.

Aim High guides students through these pivotal periods by blending academics, enrichment, and youth development into an exciting tuition-free learning program. Students entering grades six through nine join us for five weeks during the summer. Once accepted into our program, they are invited back each summer until they reach high school.

But our work doesn’t stop there. We hire teachers—many of whom are Aim High graduates—and carefully train and coach them so they are supported and inspired in our classrooms. In turn, they grow as education leaders, making a positive impact on Aim High students plus the thousands they teach during the regular school year.

Founded in 1986, Aim High is now the largest free summer academic program in the Bay Area. Since its inception over 30 years ago, Aim High has trained 2,000 teachers and prepared nearly 10,000 low-income middle school students for high school, college, and career success.
